

01 Apr 2020

CGOMKT003/010420

Dear Valued Partners,

As the Covid-19 situation continues to evolve, SIA Cargo remains committed to provide supply chain solutions to our customers.

From 1 April 2020, we will be introducing a belly-hold capacity network to complement our usual freighter schedules. Through this combined network, we aim to offer a more comprehensive solution to address some of the capacity constraints faced by customers. Please find below the details of this belly-hold network as well as our freighter schedules.

Given the fluidity of the situation, further schedule changes would be inevitable. As such, please visit our website for the [updated schedules](#).

For customers with specific requirements, we are offering charters of both freighter aircraft and passenger aircraft for pure cargo carriage only. Please contact your local sales representative or reach out to us on our [worldwide contact webpage](#).

Thank you.

Mohamed Rafi Mar
VP Cargo Sales & Marketing
