Vice President Product Management

Maximizing Productivity through Communication Tools

How Mitel can help
maximize the productivity
with efficient tools while
helping streamline
customer interactions

Martin Bitzinger

May, 2020

Workers don't wait for their company to provide them with the productivity tools they need.

Workers use an average of **6.7** tools at work—**2.7** of which are not provided by their company—and use many tools both at work and outside of work

COVID-19 Changing Realities

MiCollab

- **4x increase** in sales over previous months
- **10x increase** just in Teleworking licenses

MiTeam Meetings

- **>500% increase** in usage
- **1200+ meetings** hosted per day and rising; 4.1 rating

Devices / Accessories

- **3x increase** in sales
- **Strong DECT sales** for healthcare use

MiCloud Connect Softphone

- **3x increase** in users

MiCloud Connect Teamwork

- **2x increase** in active users

Success requires
connecting
people, devices
and data ➤

CloudLink Simplifies and Extends Innovation

A blurred background image of a business meeting. Several people are seated around a table, with their hands and arms visible as they interact with documents and a laptop. The image is overlaid with a semi-transparent blue filter.

**Businesses are wasting an average
of \$10,200 USD annually per
employee due to ineffective
communications**

Source: Quantitative research conducted globally across over 1600 users, IT Decision makers and Channel partners as part of a Mitel Collaboration study

MiTeam Meetings – Overview

More productive meetings

Get work done

Seamless Chat to Video

Persistent Chat & Documents

File/Screen Share

Guest Lobby

Global Infrastructure

Integrated and Intuitive UI

Unleash the potential of your next meeting

A man and a woman are sitting at a table in a modern office, looking at a tablet together. The man is pointing at the screen. The background shows a large window with a grid pattern.

Workers view meetings as
'valuable' but not
'productive'.

So, how do you encourage
effective collaboration and
seed business productivity?

Workers spend
34% of their
time in
meetings;
94% feel most
productive
outside of
meetings
